HABITATION VELIER
The House of Pure Single Rums

Habitation Velier is a project featuring exclusive bottlings made through partnerships with some of the best rum producers in the world. The range is focused on 100% pot still rums, entirely aged in the tropics without any sugar additives and bottled at high or full proof. Following a didactic purpose, an indication of congeners rate appears on the label. Congeners designate the whole aromatic compounds in spirits, including esters as one specific family of compounds.

DISTILLERIE DE PORT AU PRINCE

PRODUCTION

Raw material	Pure sugar cane juice – Cristalline
Still type	Müller
Fermentation time	10-12 days
Ester content	289 gr/hlPA
Bottling strength	59 %

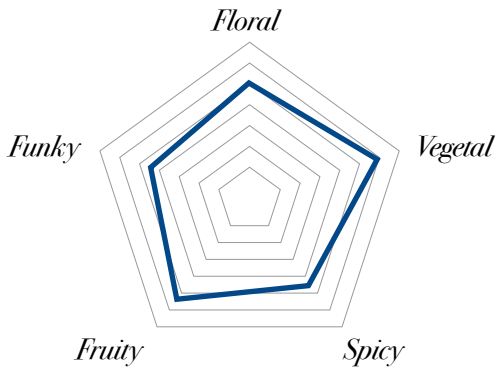

Habitation Velier Distillerie de Port-au-Prince is produced entirely from Cristalline cane, grown in Saint Michel de l'Attalaye, where a first fermentation is distilled between 25 and 30% alc. in a 380 liter Müller still. To reach a degree of 72%, this precious liquid is then distilled a second time at Distillerie de Port-au-Prince, in a 1.500 liters Müller still with 4 trays. The result is unique, an homage to Haiti and its culture based on respect for traditions, people and the land.
Bottled at 59%, this edition boasts an ester content of 289 gr/hLPA.

TASTING NOTES

Nose: Intense and enveloping. Guava, chlorophyll, honey, fresh cane, elderberry, coconut bark, freshly cut grass.

Palate: Lively and mellow. Red fruits, thyme, brown sugar, pineapple and white pepper.

Finish: Elegant and unctuous. resh cane juice, lily, cut hay, herbaceous and vegetal notes.
