

HABITATION VELIER

The House of Pure Single Rums

HABITATION VELIER FOURSQUARE LFT White « Long Fermentation Type »

Barbados Pure Single Rum – 62%, 70cl

Range

Habitation Velier is a project featuring exclusive bottlings made through partnerships with some of the best rum producers in the world. The range is focused on 100% pot still rums, entirely aged in the tropics without any sugar additives and bottled at high or full proof.

The Habitation Velier range is the result of Velier's exhaustive research for unique, pot still rums from all over the world. There are no other ranges with such unique releases. Only a few rums from the selection are released a second time, such as this white Foursquare, due to popular demand.

Product description

This rum is a blend of rums, each of which have been distilled in the double retort pot still but fermented from either sugar cane molasses or the juice of freshly milled sugar cane.

The fermentation of the molasses proceeded by the addition of a single strain of cultured yeast over approximately 72 hours while the fermentation of the fresh cane juice proceeded entirely from the natural yeast contained in the substrate over several weeks.

A world premiere.

Tasting notes

Profile: Intricate and intense.

Nose: Deeply aromatic with hints of vanilla, toffee, grassy undertones, cinnamon, black pepper, and a touch of varnish.

Palate: Bold and dynamic, featuring notes of sugar cane juice, burnt sugar, petrol, and citrus.

Finish: Long and intense, with flavors of bitter cocoa, cane sugar, spices, and honey.
